ROBERT J. DADSON
and wife, Leah E. (deceased)
315 Sixth St.
Carlstadt, N.J. 07072
IOWMC #1696 and A-1699

Bob's portrait was sent to me in 1986 and was to be featured the end of that year but due to the death of Leah in August he withdrew his participation, but is now requesting to be a part of IOWMC again.

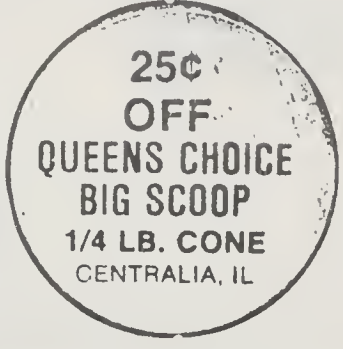

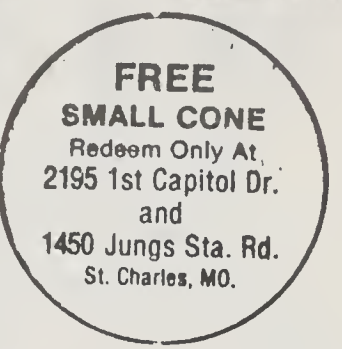

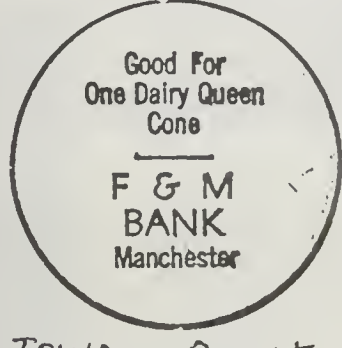

Robert was born in New York City and raised in Newark, New Jersey. His wife Leah was born in Hackettstown, N.J. and raised in Jersey City, N.J. After their marriage they moved to Carlstadt, N.J. and lived there 30 years before Leah's death.

After working with the Bendix Corporation in Teterboro for thirty-six years, Bob retired in 1975 and is presently serving as a school crossing guard with the Carlstadt school system. He is a veteran of WW II and a life member of the VFW. He served in Europe with the Fifth Army (Combat Engineers).

Both Bob and Leah started serious collecting in 1963. They collected foreign coins, medals, tokens, elongates and wooden money with wild life on them. Leah also collected music boxes. Bob started with U.S. cents and then went on to nickles, dimes, quarters, halves and finally dollars. His second hobby is collecting key-chains, especially those with advertising on them.

Bob is now a part-time dealer and does several shows a year, as well as some flea markets. Since Leah's death, Bob has had operations on both eyes and now has perfect vision without eyeglasses. Welcome back Bob!

*** PRESIDENTS MESSAGE ***

Already it's a New Year, hope that you all had a very nice Christmas and also will have a Great New Year.

Thank you for the lovely Woods and also the regular Christmas cards and notes.

We in IOWMC send our sympathy to the family and friends of Vernon L. Brown #399 whom passed away in September. Also the family and friends of Louis A. Savoie #1633.

In the next Chips issue we are going to send out envelopes with dues are due. For you who have already paid your dues please excuse the notice. One thing that has to be done is to get a updated roster of who belong to IOWMC. It will be a lot easier for the Editor and the other officers.

Sincerly - Mayme E. Scott, President

NOTES : The Canadian Wooden Money Collectors are planing on "A All Wood Show at Niagara Falls, Canada on June 3 & 4, 1988. Hopefully many woodies make plans to attend.

The 25th. annual IOWMC meeting will be held during the 1988 ANA 97th. convention being held at Cincinnatti, OH. Convention Center/Ciarion Hotel July 20/24, 1988.

Adelene Scott lost sight in one eye and is having lazer treatments on the other. Reports sorry for not being able to keep contact with all her Woodie friends.

Glen Littrell had surgery and discovered canser, but last report the doctor feels he will be A-OK. Amber has her health fairly under controll thankfully.

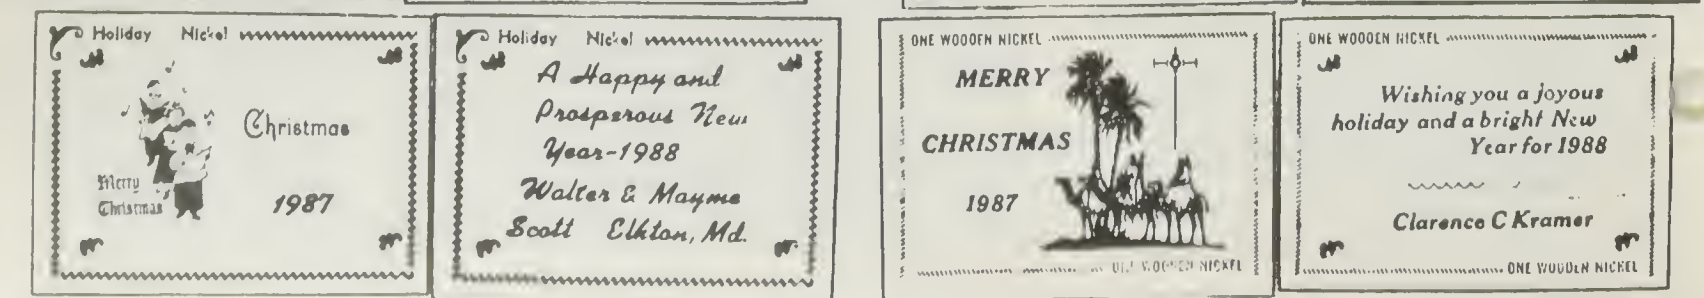

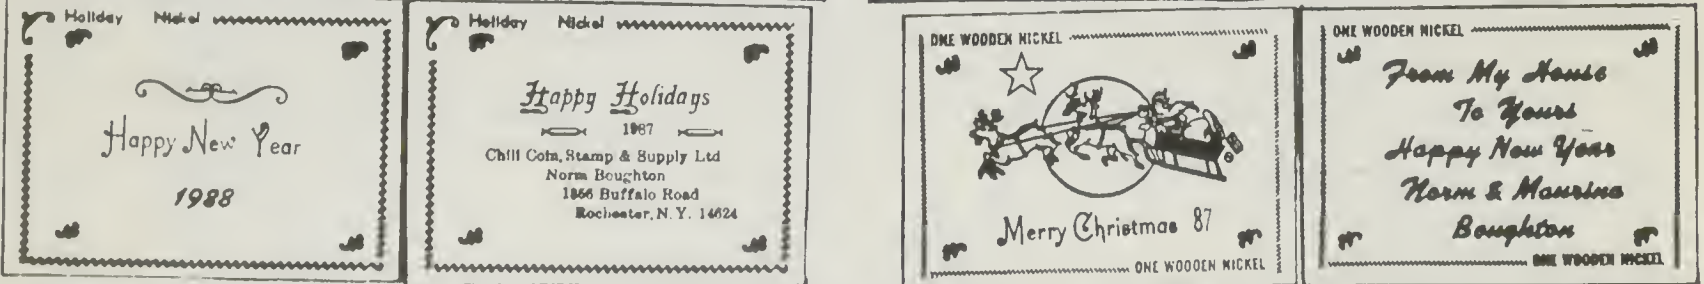

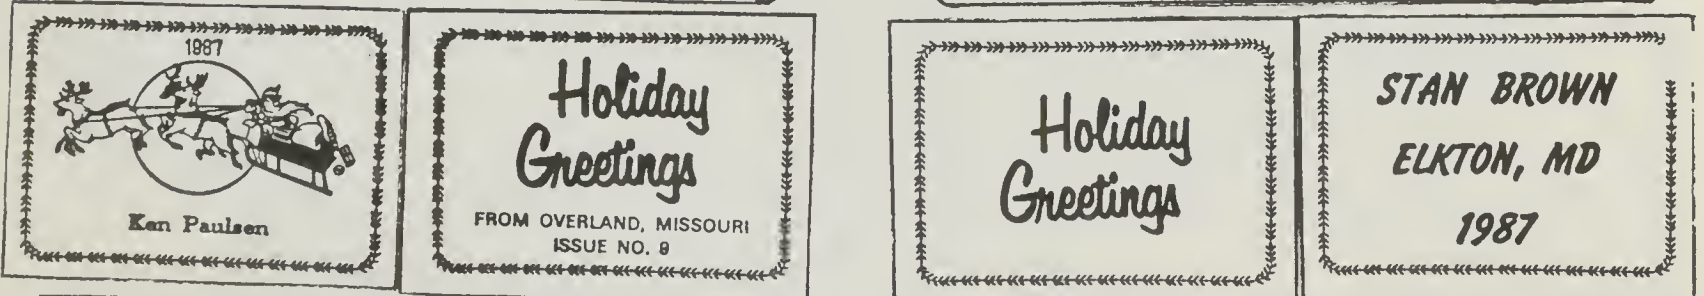

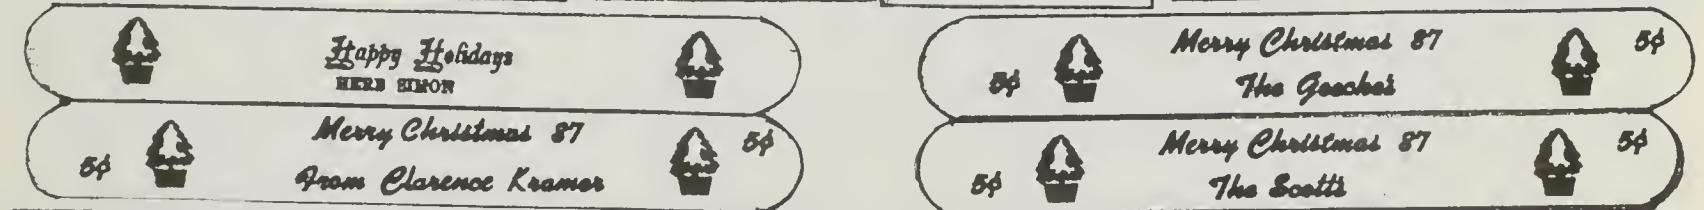

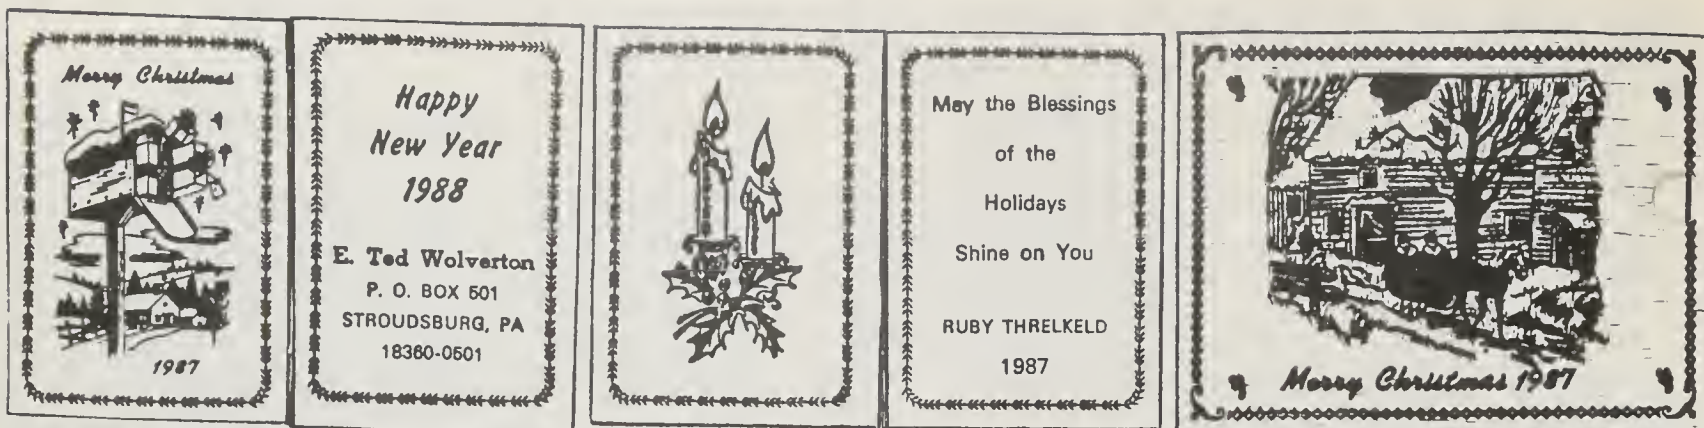

Al Zaika had a gall blader operation and reported A-OK but is sorry to report he did not get to issue his holiday wood this year.

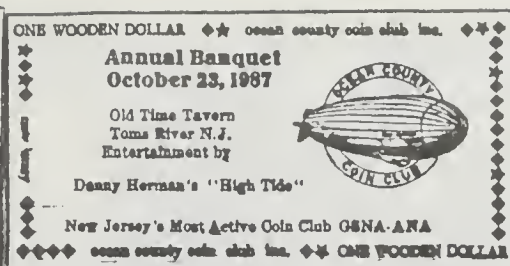

Congratulations to L.H. Scoop Lewry (62) on his marriage to Edith (Edie) Hill (60) friends for 30 years on Nov. 18th. 1987. Ones attending the IOWMC mtg. at Atlanta, GA. enjoyed Edie whom collects ceramics. Her comment was "Its like a whirl-wind, If you can keep up to him, He has a heart of gold".

The Clint List put a 3½' wreath on his new home, that could be seen for some distance and looked forward to a old fashion New England Holiday. Clint issued a 5pc. set for Xmas. (rds.)

their new sachem, King Philip, finally turned on the settlers in the spring of 1675 in a vicious war that ended with the death of King Philip and almost brought about the extermination of the Wampanoag Indians.

The death of Massasoit brought an end to forty years of peace between the Indians and the English settlers. At the time of his death the land of the Wampanoags was rapidly passing into the hands of the new settlers. By 1674 the English settlers in Plymouth Colony outnumbered the Indians by two to one. The Indians, often not understanding the language or legal

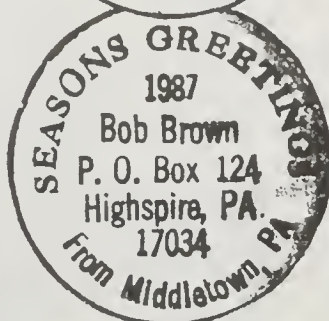

terminology in which the deeds were written and having little comprehension of the concept of private ownership, soon found themselves forced from their ancestral lands and hunting grounds. To add insult to injury the peace treaty drawn up by Massasoit was frequently disregarded by the settlers, and the Indians were treated harshly and rudely. The Indians under

Come With Us

Remember when the thrill of a new coin discovery made numismatics so worthwhile? When you could answer an ad and get what you paid for?

It's still that way in NUMISMATIC NEWS.

Coin Market keeps you on top of today's marketplace — more than ever, as it rivals even the most sophisticated "insider" newsletter, those selling for as much as four times our annual rate.

But, we've never lost our enthusiasm for the hobby, and it shows on every page, from Burnett Anderson's Washington reports, to Alan Herbert's Coin Clinic. If you've found your enthusiasm for the hobby flagging; or if you failed to get fair treatment elsewhere. Come with us. At NUMISMATIC NEWS we believe the best is yet to come.

LESLIE E. SALLEY

108 Birch
Castle Rock, Colo. 80104

IOWMC No. 1535

Les was born and raised in Minnesota and he and his wife Lois have a daughter, son-in-law and two granddaughters and a grandson who live in Colorado. For this reason they decided to move to Colorado to be near their family and to watch the children grow which is, as we all know, a

rewarding experience.

During the war years Les served in the Pacific area and later worked as a superintendent of a municipal light plant for seventeen years. He was then employed as manager of a glass shop until he retired at age 62. Lois wants to work a few years longer and is manager of a printing shop in the local school system.

In addition to being a member of IOWMC Les also belongs to several other "wood" organizations. He at first was a collector of coins but switched to "woods" as collecting coins can be a bit expensive. He is very interested in "woods" and has issued several over the years as well as greeting his friends with his Christmas woods each year.

Les is an avid fisherman and spends a good deal of time in the mountains camping and fishing. He also likes to bowl and as he says, "is hooked on golf".

MEMBERS NEWS:

Quite a few of our IOWMC members from Washington State are rather disappointed that the ANA has voted to try to find another site for the 1990 ANA Convention. The convention was to be held at Seattle, WA. and several had arranged the cost ect. of the various activity that goes on at the event. We realize their disappointment.

One of our younger members Richard Bales and wife Joanne were blessed with a 7 pound 9 oz son Thomas Richard Bales on June 2, 1987. Congratulations to them.

Marge Barnum has developed multiple sclerosis and finding it hard to be involved. Her attendance at our Detroit 20th anniversary in 1984 was great.

Ruth Armstrong is in line for an award in the TN. State Numismatic Soc. for signing up over 25 new members. Tom Armstrong serves as their Editor.

Vicki M. Thomas reports pending eye surgery. Wish her Luck.

Ron Hobbs is well pleased that his hearing has improved. Ron formed and works hard to keep the "Penn/Ohio Wooden Money Traders" club functioning. Now into their 6th year.

Alan Brown is still finding it a little hard to get around after a fall at Thanksgiving.

COMMEMORATING THE 350th ANNIVERSARY

The well researched Conception of the Kalmar Nyckel sailing into the Delaware Bay will bring the courage and romance of Wilmington, Delaware heritage to mind.

The Kalmar Nycel carrying Swedes and Finns landed at "The Rocks" and established Fort Christina, now Wilmington, Delaware on March 29, 1638. After two return trips from Goteborg, Sweden, the vessel fought in the Swedish-Danish war then was lost off Kalmar, Sweden late in the 17th Century.

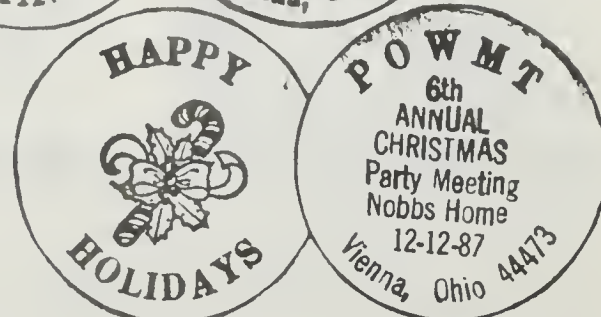

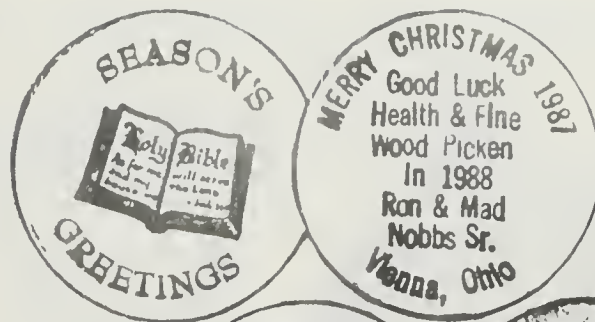

The ship built in 1629 a Dutch Pinnance had a overall lengh of 115 feet, 91 feet of deck, the beam 25 feet and its approx. displacement was 128 tons.

As part of the celebration of the 350th anniversary of the landing of the Swedes and Finns in Wilmington, the Kalmar Nyckel Foundation has embarked on an enthusiastic project to build a working replica. Eventually it will be Coast Guard certified to carry passengers on the inland waters. The Keel has been laid on the \$1.8 million project of what will be witness to the forebearer's convictions and courage. In God's grace, may it be successful.

Crisis Of Confidence

There's a crisis in the hobby. One that results not only in a loss of money by innocent collectors, but also in a loss of confidence in mail order transactions.

While others pass this off as a risk of free enterprise, it is our goal to serve and protect the interests of our valued subscribers. By insisting that all NUMISMATIC NEWS advertisers pass a strict screening policy.

We further affirm advertiser integrity through an intensive "blind testing" program, and recognize sound business practices with the Krause Publications' Customer Service Award.

There may be a crisis in today's coin hobby, but at NUMISMATIC NEWS we're hard at work to maintain full confidence in mail order dealing — today, and in the future.

SHELDON BARTON PHILLIPS

P.O. Box 4501
Pocatello, Idaho 83205

IOWMC #377

"Bart" was born in 1951 and has lived in Pocatello most of his life. He graduated from Rensselaer Polytechnic Institute in Troy, New York in 1975 with a B.S. in Management and MBA. He has since owned or managed several businesses. He has sold insurance for five years and has managed or been the accountant for Pocatello Tire Company for 17 years.

He and his wife Paula are quite active in Lions Club and have served in offices on the local, district and state level. Presently Bart is a trustee on the Idaho-Oregon Sight and Hearing Foundation. Paula is a Deputy Sheriff.

Bart says, "I have many hobbies: stamp and coin collecting, fishing, hunting, swimming and Lions Club pin collecting." Collecting coins at an early age, Bart became interested in tokens and wooden money when coins got to be too expensive for the ones needed to fill the holes in the little books. He primarily is interested in the western states - Idaho in particular but collects all. Prize pieces are his 1938 Lewiston, Idaho flats.

1988 - IOWMC RAFFLE

As mentioned in your November Bunyan Chips, I have accepted the Chairmanship for IOWMC's Raffle. As in the past, I know we can count on YOU as members, to help make this fund raising project a huge success.

Response, in the past, has been great and we hope it will be the same this year. This project helps defray club's expenses and has prevented any increases in dues.

Any donated items will be greatly appreciated. All donations and inquiries should be sent to Virginia Dennis, 1852 Golden Shadow Drive, Henderson, Nevada 89015.

The South Thurston Co. Hist. Soc. located at Tenino, WA. the home of the first Wooden money reports they have a 1987 Centennial issue (25¢) picturing the original Territorial Capitol. The 1988 issue (50¢) will picture the old Capitol building and the 1989 issue (\$1.00) will show the present Capitol. The three will make a set for Washington State Centennial in 1989.

Happy Birthday!

It doesn't seem possible that Spring is almost here and the Spring Flowers are pushing their way up thru the ground for us to enjoy.

Hope that all of you have sent in your 1988 dues to beat the March 31st. cut off date. With regret the roster and mail bid was reduced to save cost and after April 1st. a up-dated roster should be published.

Hope that a lot of you are planing to attend our annual meeting July 27th. in Cincinnati, Ohio. More information will be published in future Chips.

A call for nominations is made i- March rather than the April issue to help the nominating Chairman Allen Nystrom to do his job of contacting the nominees to obtain a resume for publishing in Bunyan's Chips.

You may note IOWMC was formed in 1964 which will make the next term our 25th. anniversary year and I'm sure they will come up with a special activity as we have had on cur 10th. 15th. and 20th. anniversary.

Its sad to learn of the loss of our memberships deceased about every month and of a few senior members that have resigned due to health problems.

Wish you all "God" Blessings with good health and happyness.

Mayme E. Scott - President

With trust, you can proceed with confidence in every move you make.

In the coin hobby, "trust" is synonymous with NUMISMATIC NEWS advertisers. They pass a strict screening policy before they utilize our pages. And, to further protect the interests of our valued subscribers, we spend thousands annually in a "blind testing" program, and recognize the integrity of our advertisers with the valued Krause Publications' Customer Service Award.

Bart says, "I have many hobbies: stamp and coin collecting, fishing, hunting, swimming and Lions Club pin collecting." Collecting coins at an early age, Bart became interested in tokens and wooden money when coins got to be too expensive for the ones needed to fill the holes in the little books. He primarily is interested in the western states - Idaho in particular but collects all. Prize pieces are his 1938 Lewiston, Idaho flats.

1988 - IOWMC RAFFLE

As mentioned in your November Bunyan Chips, I have accepted the Chairmanship for IOWMC's Raffle. As in the past, I know we can count on YOU as members, to help make this fund raising project a huge success.

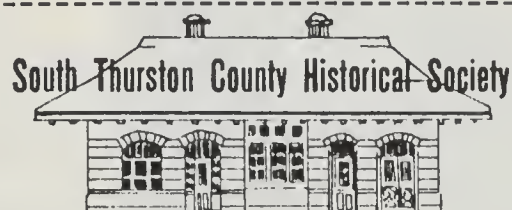

Response, in the past, has been great and we hope it will be the same this year. This project helps defray club's expenses and has prevented any increases in dues.

Any donated items will be greatly appreciated. All donations and inquiries should be sent to Virginia Dennis, 1852 Golden Shadow Drive, Henderson, Nevada 89015.

It doesn't seem possible that Spring is almost here and the Spring Flowers are pushing their way up thru the ground for us to enjoy.

Hope that all of you have sent in your 1988 dues to beat the March 31st. cut off date. With regret the roster and mail bid was reduced to save cost and after April 1st. a up-dated roster should be published.

Hope that a lot of you are planing to attend our annual meeting July 27th. in Cincinnati, Ohio. More information will be published in future Chips.

A call for nominations is made i- March rather then the April issue to help the nominating Chairman Allen Nystrom to do his job of contacting the nominees to obtain a resume for publishing in Bunyan's Chips.

You may note IOWMC was formed in 1964 which will make the next term our 25th. anniversary year and I'm sure they will come up with a special activity as we have had on our 10th. 15th. and 20th. anniversary.

Its sad to learn of the loss of our memberships deceased about every month and of a few senior members that have resigned due to health problems.

Wish you all "God" Blessings with good health and happyness.

Mayme E. Scott - President

Seems that the little man that always brought trouble in Little Abmer comic strip is still following our member Harry R. "Chan" Chandler around. After auto accidents and several personal losses now reports his 35 year coin collection valued over \$40,000. weight about 488#. His comment was "Boy what a loss! Can't discribe my feelings"

Whom do you trust

With trust, you can proceed with confidence in every move you make.

In the coin hobby, "trust" is synonymous with NUMISMATIC NEWS advertisers. They pass a strict screening policy before they utilize our pages. And, to further protect the interests of our valued subscribers, we spend thousands annually in a "blind testing" program, and recognize the integrity of our advertisers with the valued Krause Publications' Customer Service Award.

In a hobby built on trust, that's good news for our readers — because it takes the worry out of mail order transactions. And good news for our advertisers, too — because their advertising builds them a lifelong clientele.

Port Huron, Michigan is where Evelyn was born Oct. 10 1928 and she says, "Port Huron truly is the land of blue water."

Evelyn thinks she must have been born with the urge to collect because she can remember carrying home pretty bottles from the junk barrel behind a drugstore a few blocks away from her home when she was old enough to get that far from home alone.

She graduated from Port Huron High School in 1946 and spent two years as an operator for Ma Bell and in September 1948 married Don (the best thing that ever happened to her) and moved to Greenville where she continued working as an operator for GTE while Don taught veterans agriculture. They then moved to St. Johns, Michigan where she enjoyed a year of leisure while Don worked as an agent for the 4H Club in Clinton County. After several moves Don became 4H Agent for Isabella County and she continued to work in St. Johns retiring after 30 years in 1983.

Evelyn has collected many things over the years - antique china, spoons, bells, dolls, movie memorabilia, foreign coins and banknotes, books and stamps. Other hobbies are reading, swimming, sewing, macrame weaving and travel.

Her first wood was gathered in the '40's and her interest has gained momentum with retirement and membership in I.O.W.M.C. Evelyn says she is most grateful for the many new friends and woods acquired through joining I.O.W.M.C.

SAWDUST

by Norm Boughton

It is sad to see that the Guide Book fund is not oversubscribed. I find it hard to believe that in this whole great big country there aren't **TWENTY-FIVE** people willing to put up \$100 to finance a new guide book about their hobby. I was told we won't be able to get **TWENTY-FIVE** people when I started the project and I just laughed thinking they didn't know what they were talking about. I sure wish you would prove them wrong.

For you who forgot what the project is all about here is a recap:

Twenty-five people put up \$100.00 each. Guide book is updated and 500 copies are reprinted. Contributors receive 14 copies prepriced at \$10.00. They may sell, give away or do as they wish with their copies. (Sell the 13 extra for \$10.00 and you have a free copy and a \$30.00 profit.) The remaining 150 copies will be donated to the club and sold at not less than \$10.00. If book is not produced contributors get their \$100.00 back and interest earned goes to club treasury.

Why 500 copies? 100 copies cost more to produce, so does 300. Most printers will not quote on less than 500 copies of a book.

FROM RUDDER TO WOODEN NICKEL

Bluenose II the last of the tall schooners, recalls the most colourful era of Canada's Maritime heritage. She is identical to the original Bluenose in details of hull, rigging and sail plan. Whereas the original Bluenose's cargo was fish, the Bluenose II carries people, Nova Scotia's sailing ambassador of goodwill.

When it was announced by the government of Nova Scotia in 1987 that the Bluenose II was to be fitted with a new mast and rudder at Scotia Trawler and Equipment Lunenburg, N.S., formerly the Smith and Rhuland Shipyards who built the Bluenose II. The thought occurred of securing a piece of the mast or rudder stock in hope of promoting this historic ship at the next Atlantic Provinces Wooden Money Association meeting.

Negotiations got underway with Peter D. Brown, Manager of Operations for the Bluenose, hoping to secure a piece of the wood. Through telephone calls and correspondence, we finally recieved permission to pick up the pieces of oak rudder stock and bring them back to Fredericton. At the yards we met Ralph Anderson who provided us with the pieces of oak rudder stock for our project.

While at the yard we watched the finishing touches being carried out on Bluenose II in preparation to sail for Halifax to play part in the summer tourist trade. We also met Peter D. Brown who invited us to come and sail with them the next time we were in Halifax. History was made in 1987 in regards to Bluenose II, for it was the first time four girls would become part of the crew. Present Captain of Bluenose II is Captain Don Barr, Indian Point, Nova Scotia.

After bringing the pieces to Fredericton, the next step was to have them cut apart, so that the pieces could be turned into dowels $1\frac{1}{2}$ " and 3" respectively. Maurice Cormier, a member of the APWMA, offered to take them to Moncton to have them cut apart, no luck there as Maurice was on his journey to Halifax they stayed in the trunk of his car, eventually the pieces returned to Lunenburg before coming back to Fredericton.

During my trip to Saint John I took the pieces along, checked with my nephew Hilton Lomer, who provided the expertise in cuting the pieces apart for making dowels.

Having the pieces turned into dowels, was a problem, a local wood turning plant manager was contacted, the quality of craftsmanship was good, but price was too high. Through the kindness of the Fredericton High School, they gave me the name of individual, who had his own wood turning equipment, he completed turning the pieces into dowels.

The next step was to have the dowels cut into $1\frac{1}{4}$ " X $\frac{3}{16}$ " wooden nickels for stamping. A local wood working firm was contacted, which completed the project. Seven of the dowels that were 3" in diameter were cut apart to make coasters $\frac{1}{4}$ " X 3".

Several designs were considered for the project. Maurice Cormier provided valuable suggestions, which were implimented for the designs. The artwork was made up, so that we could proceed with the making of rubber stamps for stamping the wooden nickels. The coasters recieved an application of stain then printed using the silk screen method.

Down through the years Bluenose and Bluenose II have appeared on stamps, coins, medals and tokens. Perhaps this is the first time Bluenose II has been recorded on wooden nickels a part of the illustrious schooner, for you and me to cherish in her illustrious career.

Coins under the new (1987) main mast are: (a) 1987 Canadian Loon Dollar, (b) 1867-1967 Canadian Silver Dollar, (c) 225th Anniversary Coin - Town of Lunenburg, struck in 1978, (d) 1981 Canadian Dollar, (e) 1967 Canadian 10¢, (f) 1756 Spanish Silver Coin (Dubloon). WE DISAGREE

Mail order deception has infiltrated our hobby, prompting many collectors to lump all hobby publications into that "soiled" category.

Well, we disagree! Because at NUMISMATIC NEWS we take special measures to protect the interests of our valued subscribers. We do it by insisting that advertisers pass a strict screening policy before they utilize our pages. And, we affirm advertiser integrity on an ongoing basis, through an aggressive "blind testing" program, recognizing solid advertising practices with the Krause Publications' Customer Service Award.

Others may talk a good game, but it's a solid policy of action that keeps NUMISMATIC NEWS standing above the rest. That's why you can rely on NUMISMATIC NEWS to provide a favorable climate for both buyer and seller.

IOWMC # 1671

George was born in May 1954, the fourth of five children - never married - he has lived all his life at Milmont Park. He graduated from Ridley Township High School and also received his diploma from an automotive training center.

Other than his favorite hobby, the collecting of woods, George is also interested in boating, fishing, photography and collecting Norman Raokwell figurines and other fine works of art. He is also introducing his fifteen year old nephew, Joel, into the collecting of woods. George is a member of four wood clubs and three coin clubs.

He is most proud of his exhibit of "Wooden Medals of the 1776 Centennial Exposition - Philadelphia 1876" which took third place at the Garden State Numismatic Association coin show in 1987 and a first place in Lancaster's PAN show, also in 1987.

George does most of his collecting by mail and at shows and feels that there are many friendships and much knowledge to be gained through association with wood collecting and wood collectors.

Dear IOWMC Officers and Club Members,

I am a member of IOWMC as well as DWMC. I have been active in the hobby for several years. I enjoy collecting woods and would like to see the hobby prosper. I am concerned about the lack of interest in the proposed wooden money Guide Book reference in Norm Boughton's article in the April 1988 issue of Bunyan's Chips.

Please consider this an open letter to all members of IOWMC as well as other serious wooden money collectors. I would bet that many, if not most, of the IOWMC, DWMC and other members of wooden money clubs would be interested in having this book. I suspect, though, there are more than a few out there that share my views. As to why the idea has not been well received. Please accept this letter as it is intended. It is not meant to be critical. I only hope to give some ideas as to what might help make this project successful.

I read the April Chips and decided to write a response regarding Norm Boughton's article titled SAWDUST. Norm appeared to be frustrated over the apparent disinterest the club members have shown over the wooden money Guidebook idea. I understand and sympathize with his frustration about not finding the support needed to publish the Guide Book. I feel an updated reference book is needed. Many of us in the hobby need some type of current reference manual as we build our collections.

As I read Norm's article, the same thoughts went through my head that were there months ago when I first read of the Guidebook idea in the March 1987 issue of Bunyan's Chips. I felt at that time the idea of the Guidebook was excellent but it would not receive the support it needed. I feel that there are two problems with the idea, (1) financing and (2) overall understanding by IOWMC members what is expected of them.

Consider this hypothetical situation. Twenty five contributors (investors?) of \$100.00 are found and the books are published. Assume that I am one of the contributors and I get my 15 books, 14 of which I am to sell. However, I am not one of the visible or real active members of the club and I do not know how or whom to sell my books. I do want to help the club as evidenced by my \$100.00 investment. I am just not a salesman nor do I want to be. So, I am stuck with the books.

I believe the above to be a realistic situation. I propose that financing be handled some other way. Make this a IOWMC sponsored and controlled project. If possible, take the financial responsibility away from individual membership. If funding cannot be found from within the club, try to find other ways of funding the effort. Options include an increase in dues or selling the book outside the club to bookstores or libraries. Other club members must have some ideas. One idea that seems kind of radical that would work is to require all members to purchase the book as part of their next years dues. In the case of multiple members in one house, the requirement would be only to purchase one book per household. I feel that the \$5.00 annual IOWMC dues are so reasonable, it would be a bargain to get a new Guide Book plus dues for \$15.00.

This project would not need money immediately. It would, no doubt, take many, many months to coordinate this effort, gathering the necessary information, organize and make it ready for publication. The club would have all this time to work on finding the money to complete the project. If the work was completed without the money to publish the books, at least the work would be done and the books could be published any time after that.

Enough of the financial talk. I have one other major concern about the Guide Book idea. This had to do with the paragraphs in the March 1987 newsletter that said, "All members East or West of the Mississippi are requested to send their list of unlisted woods to". When I read this I did not know which, if any of my woods, were unlisted. My guess is that the list referred to is the 7th Edition Guide Book of Wooden Money written by Wayne Dennis and Thomas Hudson. I do have a copy of this but there are probably dozens of serious collectors who do not.

It makes sense to me that if we are going to make an effort to produce a complete, first rate book, we need inputs from nearly everyone. How do we get everyone involved? How do we get help from the collectors of woods from CA, KS, OR or you name the State? I suggest we ask those that specialize in woods from CA, KS, OR or whatever State. I specialize in woods from KS and MO. I would be glad to provide the information needed if someone can tell me what is needed. Most of us collect a certain type of wood and the club should have and certainly needs a list of what each member collects. What about specialty woods such as Sambo and Dairy Queen woods? Are we interested in Officials, Semi-Officials or what? I am sure there are many out there that do not know one from the other. (Continued next page) PAGE # 28

I hope this idea about reissuing the Guide Book is not allowed to die. The club needs this. It will be some work for a few but there will be a great deal of fun and satisfaction derived from working on a project such as this. The results of this effort would be an excellent reference book that would assist us all with our hobby.

Having said my peace, I do hope I have made sense and that my words may sparked some ideas in those that are the decision makers for the club. This letter is being sent to all of the current IOWMC officers. I would be interested in any communication on this subject from any other of club members.

PRESIDENTS MESSAGE

This year has went by fast and it has been rather quite, we only had a few complaints. Do hope you have sent in nominations for office in the upcoming year of 1988/89.

We recieved a report that over \$300.00 was raised from the club mail bid auction. A big THANKS to Clint and all that participated. Clint has offered to run another as soon as he obtains more woods that are donated or put in on consignment.

As of now a report has not been recieved from the Secretary on how many of our members have not paid their 1988 dues, but hope our loss is real small.

Several has sent very good suggestions to better our club, but it takes time and work to get any ideas accross.

I deeply regret getting a resingnation from our Portrait Chairlady Ernestine Winget. She has done a great job since Janurary 1985 that consited of 38 of our members Portraits.

Our Past President Norm Boughton has put our membership on his computer and runs the labels for Chips that saves the club quite a bit. He recently got his printer corrected and the lables look great this month.

It was very sad to learn of the loss of John Izza loss John had attended many of our club meetings with his wife Barbara. Also regret to report the loss of Elliot Goldberg and of "Aunt"Dot Orlik both of which were members that many of us enjoyed at past ANA's meetings.

Hoping this issue finds all of you in good health and looking forward to see as many as possible at our annual meeting.

Mailorderphobia — the fear of buying "sight unseen" through mail order ads — affects thousands of collectors who once used the mails with confidence.

But you won't find it in NUMISMATIC NEWS. Because our advertisers pass a strict screening policy before they utilize our pages. To further protect the interests of our valued subscribers, we spend thousands annually in a "blind testing" program, and recognize the integrity of our advertisers with the Krause Publications' Customer Service Award.

IOWMC # 1166

Mike, a professional engineer and graduate of Dartmouth College, was born in Brooklyn, NY and lived most of his life in Garden City, NY before retiring to Florida in 1986. He and his wife of 39 years, Fran, have five children and three grandchildren, all of whom they are very proud.

An Army veteran of WWII Mike was employed as a consulting engineer, served as Director of State Exhibits at the New York World's Fair 1964-1965 and served as Public Works Department head for the Village of Valley Stream, Hempstead Town and Nassau County before retiring.

In addition to being a member of IOWMC Mike also belongs to ANA, AVA, TAMS, TEC and also Florida clubs in these fields. He is one of the founders of the World's Fair Collectors Society and served as its president for two years and as editor of its bimonthly FAIR NEWS.

His wood collection consists mainly of those pertaining to World's Fairs, railroad depots and public works. He spends a good part of each year traveling and photographing railroad depots in their current condition, matching these photos with old postcards, photos and drawings to show the contrast between now and the past glory days of this nation's railroads.

Mike reports that with taking care of the grounds around their home, swimming in the pool and part time consulting engineering work, he doesn't have as much time as he would like to keep up with his many hobbies. "Maybe some day!"

* SAWDUST * By: Norm Boughton

Thanks to Jim Williams for pointing out some errors of omission in the Guidebook of Wooden Money Proposal.

First, is that the catalog can not include anything except official woods. Sambo's, Dairy Queen's and semi-officials can not be included. Definitions were included with Bunyan's Chips in 1987. (Anyone needing a copy send a SASE to your editor.)

Second, is that the "Gang of 25" were not expected to be salespeople. When the book is ready the names and addresses of the twenty-five with books will be published in Chips. If there is the interest and need for this book that is anticipated each one of the "Gang of 25" should sell out with no effort on his or her part.

Third, is that the information needed is on all those official woods not listed in the 1976 edition of the Guidebook of Wooden Money by M. Wayne Dennis and Tom Hudson. (This book is still available for \$6.00 a copy from Mr. Dennis.)

Fourth, is that we would like to clarify identification as much as possible by printing more information on OBV and REV designs. The information desired has been put on a form and anyone wanting a supply can get some by writing Norm Boughton, 1356 Buffalo Road, Rochester, NY. 14624 and requesting amount of copies needed.

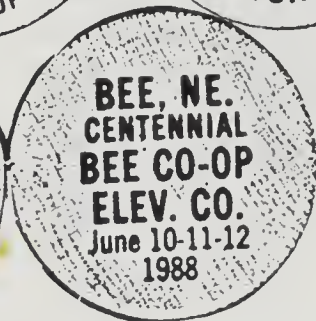

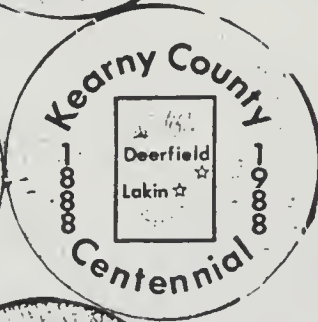

Fifth, is that an attempt will be made to acknowledge all contributors of information.

Sixth, is that when this project is completed I will attempt to supply an update each year to the editor of Bunyan's Chips so we don't get in the problem we are in now.

More questions, comments or information? Please write me. Norm Boughton

The second of the Hawaiian Endangered Wildlife Series features a bird of prey on the obverse of the wooden token. The Hawaiian hawk or 'io as it is called in Hawaiian, may be seen in the forest slopes of Mauna Kea and Mauna Loa of the island of Hawaii.

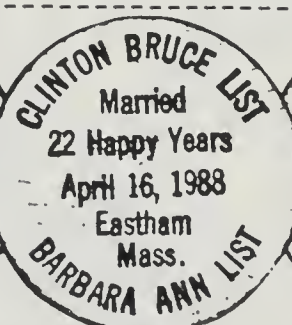

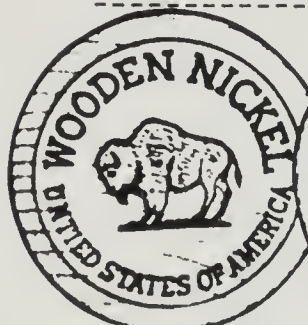

The hawk feeds on rodents, insects, and small birds and is sometimes found near the open grasslands and canefields in search of food.

The reverse of the wooden token pictures the wood rose, a green vine pod plant, with strong shoots that spread rampantly and climbs high into fences, trees, etc. It has a beautiful yellow flower, a morning-glory that blooms, then drops. Then a calyx begins to develop. Soon shaping like a rose and at the same time begins to dry, turning into a "wood rose," that is stiff and brown. Some of these wood rose vines can be seen growing on the round top of Tantalus Drive, overlooking the hills towards the side of the University of Hawaii.

We Grade Advertisers

For a coin to rate an MS-65 designation, it must satisfy a certain set of standards. The same holds true for NUMISMATIC NEWS advertisers. Over the years we've set our own standards and we spend thousands of dollars annually, in an extensive "blind testing" program, continually affirming the integrity of our advertisers. Those that score high receive our seal of approval — the Krause Publications' Customer Service Award.

Like an exceptional coin, our advertisers represent the highest quality in the industry. Which means you can rely on Numismatic News to provide an atmosphere of trust for both buyer and seller.

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

VOL. XXV

JULY 1988

ISSUE No. 7

ELIZABETH STEVENS
RR 31, Box 490
AURORA, MAINE 04408
IOWMC No. 1759

Elizabeth is a native of Maine and was born in Skowhegan in 1920. After being widowed she married Elby F. Stevens in 1984, a retired broadcaster. They have two grown children living out of State and, a Doxie dog whom they love dearly. She retired in 1976 after working as office and personnel manager for W.T. Grant Co. Prior to this she was manager of Sears Roebuck & Co. in Waterville and later as assistant to her brother-in-law in Boat, Motor and Trailer sales.

Elizabeth and her husband are active in many clubs - he is a Shriner and she belongs to the Eastern Star, Sunshine Club for Crippled Children, Beta Sigma Phi Sorority, The Bethany Circle of Kings and Daughters and Tri-Town Senior Citizens and is an active member of the Bangor Methodist Church.

Her father was an antique dealer and she started collecting Wedgewood china and pottery early in life. She and Elby are ardent fishermen and hunters and she bagged her first moose in 1983. This hobby is a very definite part of living in Maine.

Inasmuch as Elizabeth's husband is a coin collector, she started collecting woods as a hobby to coincide with his. She enjoys her new hobby very much and says, "everyone is so very friendly and helpful and it is nice when fellow members are on first name basis as this makes a new member really feel welcome!" As well as being a member of IOWMC she also belongs to the Canadian Association of Wooden Money Collectors, the Penn-Ohio Wooden Money Traders and the New York Money Traders, and is looking forward to meeting her new found friends at conventions.

Already my term as President is ending. Much needed done is still on the waiting list. The By-laws were sent to all members (Thanks to E. TED Wolverton whom paid for the printing cost, the Policy and Procedures are still on the waiting list, my Presidents Wood needs to be designed and ordered to be sent to all members and hopefully the new catalog can be issued as planned for IOWMC's 25th completion.

I regret "Chips" has been so late being mailed yet must say quite a few have been a big help sending portraits, new issues of wood and other material for publication.

The new Officers will be involved in IOWMC's 25th Anniv. and feel sure it will be a very special affair to be remembered in our hobby.

We are looking forward to meeting some new members along with many we have enjoyed over the years at our annual meeting on July 23 at Cincinnati, Ohio.

Members that have passed away that we have enjoyed being with over the years will be sadly missed as Alice Stencel, Bryan Johnson, Norm Wells and John Izzo.

Mayme E. Scott - President

NOMINATION FOR OFFICE - IOWMC - 1988

FOR OFFICE OF PRESIDENT:

WALTER H. RILEY - I became a member of the IOWMC in 1972. Since joining I served on committees of the IOWMC, and in the year 1978 became its 15th President. For those that remember we celebrated our 15th founding year and celebrated at a luncheon in St. Louis.

At this time I seek your support and vote as I desire to become President of the International Organization of Wooden Money Collectors again.

In 1989 IOWMC will be celebrating its 25th year, if elected to the Office of President, I will with an outstanding committee have a celebration of the 25th founding year. Therefore, I seek your consideration and vote to become President of IOWMC.

FOR OFFICE OF 1st VICE PRESIDENT:

SALLY KIRKA - I except the nomination for the office of 1st Vice President in IOWMC. Will do my best to help the President on his chosen projects.

FOR OFFICE OF 2nd VICE PRESIDENT:

DEAN J. HART - I have been interested in Wooden Money only two years. Belong to several wood clubs, elongated (T.E.C.) and Botania, NY. Coin Club.

ANTOINETTE (Toni) CICHY - I have been nominated for Secretary. I joined IOWMC in 1974 and since that time have served the club in various capacities, -- Convention Chairman, Banquet Chairman, Awards Chairman, Historian, Vice President and Secretary for 4 years.

If elected I will do my best for the club, as usual.

FOR OFFICE OF TREASURER:

E. TED WOLVERTON - I except the nomination to serve IOWMC for a second two year term as Treasurer.

FOR OFFICE OF BOARD OF GOVERNOR:

NORMAN BOUGHTON - After serving two terms as President, still have a great desire to help serve IOWMC and the hobby of collecting Wooden Money.

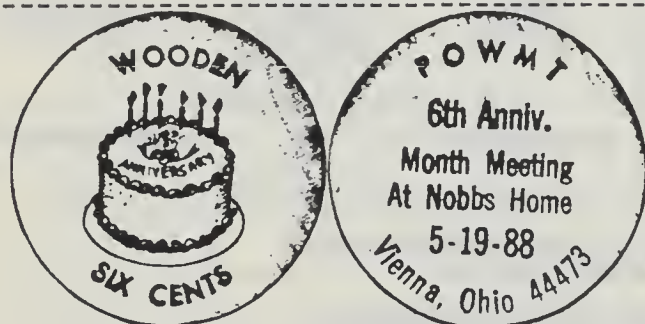

If elected to serve as a Board of Governor I will do all possible to promote the club and do all possible to assist the new officers.

OBITUARY - NORMAN WELLS

Well Known Peterborough, Ontario numismatist Norman Wells passed away on June 11 after a brief illness.

Wells, 74, had been involved in the numismatic hobby for over thirty years. He greatly enjoyed his involvement and was known by collectors throughout Canada and the United States.

He was a life member & Past President of the Peterborough Coin Club and was instrumental in the coining of a special Peterborough Lift Lock medallion in 1964. He was a participant in many Peterborough Coin Club shows and club projects.

One of Wells interests was doing research and he wrote a number of articles and books on numismatic subjects. He was most well known for his Canadian Wooden money collection and related books. Wells wrote the definitive work on Wooden money and followed that up with additional supplements. His wooden money collection was one of the most complete in Canada.

Wells also wrote books titled "Medals & Tokens of the Industrial Exhibition Association of Toronto" and "Medals of Designer-Engraver Stanley Hayman, Peterborough, Ontario. Again, Norm Wells compiled one of the largest collections of Toronto Exhibition medals. The C.N.E. purchased them a few years ago and this collection has been on view at the C.N.E. each year.

Wells was a charter member of the Canadian Numismatic Association of Wooden Money Collectors, member of IOWMC, Canadian Numismatic Assoc., Ontario Numismatic Assoc., and Canadian Numismatic Research Society. He was an active exhibitor at many national and regional coin shows.

Norman Wells was an enthusiastic numismatist who gave so much to the hobby he loved. He truly loved the fellowship of other collectors. His many friends across the country will miss him.

OBITUARY - ALICE STENCEL

I have sad news to convey, having been asked to inform IOWMC that member Alice Stencel #889 passed away on June 11th and laid to rest on the 13th.

After seeing her name listed in the obituary column, went to the funeral home to pay my last respects. Alice's daughter later called and ask if I'd write to the clubs and inform them.

I lost a wonderful friend, I was so happy over the years to have someone living not far away that had the same hobbies and to enjoy visits with.

----- Rita Stankiewicz -----

To: Whom It May Concern

I am submitting herewith my resignation as Portrait Chairperson of IOWMC, effective September 1, 1988.

It has been a pleasure serving IOWMC in this position but other commitments must take precedence.

Thank you.

Sincerely,

Ernestine S. Winget

GORDON R. DONNELL
1960 SAN ANTONIO
BERKELEY, CA 94701

IOWMC No. 1781

Born September 29, 1935 in Missouri, Gordon classifies himself as a vagabond. He has spent a great deal of his time traveling from coast to coast and has lived in and traveled through most of our United States.

Right now Gordon, somewhat settled, is a maintenance man and painter at an apartment complex in Berkeley. However, he still manages to take a few trips here and there - sometimes for a month at a time.

Gordon has collected coins most of his life, first starting with pocket change. Many of his trips have been financed through the sale of these coins. His collecting is now more of a serious nature but as he remarks, living near the San Francisco mint has made it easier. His favorites are proof sets and commemoratives.

The first wood Gordon has was obtained through an ad in the Numismatic News at a coin show - this started him off to being an avid collector of woods - to illustrate a bit, he has already placed his order for his Christmas woods. He also collects elongated coins, medals, souvenir cards and is also getting into stamps.

Along with IOWMC, Gordon is also a member of NYSWMS, HCWMC, POWMT, TBC, CSNA, DWMC and ANA.

E. Ted Wolverton - Treasurer

Dear Mrs. Scott

I would like to extend my thanks to you and to the IOWMC for the beautiful plaque presented to me at the Cincinnati convention for an article I wrote on Chillicothe, OH. flats. I did not expect to receive an award so this was quite a surprise.

I would also like to say that I enjoyed attending the IOWMC meeting. It was very interesting to meet some of those people that I have read about or have corresponded with. I have enjoyed being an IOWMC member since January 1986, having learned a lot about this excellent hobby.

Sincerely, Billy Pike #J1666

The BON VOYAGE wood shown in June Chips

By 1850 the scarcity of whales was plainly evident, and many warned that New Bedford was committing economic suicide by overexpanding its whaling fleet. Voyages became longer and longer, and more of the whaling grounds had to be covered to get a full load of oil. In 1850 most successful voyages took three to four years.

Soon, even longer voyages were not enough to compensate for the dwindling whale population. Because not as many whales were allowed to reach maturity, the average whale caught was getting smaller. The decline in the number of barrels of oil per voyage began in 1850 when the average take was 1693 barrels. By 1857, the year when the size of the New Bedford fleet reached its peak, the average take was down to 796 barrels.

GENE NELSON
P.O. BOX 9969
MOBILE, ALABAMA 36691

IOWMC No. 1711

Gene was born June 24, 1937 in Menlo, GA. Sometime later the family went to Alabama. Those were the depression years and as work was more available in Mobile, the family settled there and have remained there since.

At 17, Gene became a member of the National Guard and later enlisted in the U.S. Army. When the Vietnam conflict broke out he, along with his entire unit was shipped there. Upon returning home, due to an injury he left the military and decided to start

a business.

Entrepreneur that he is, Nelson's Photography opened for business in 1966 and on February 6, 1988 celebrated their 22nd anniversary. Congratulations are certainly in order.

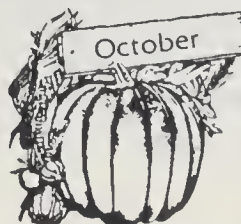

Coins, woods and tokens have been collected by Gene for many years and in addition to IOWMC he is a member of several wood and coin clubs. Mardi Gras Doubloons are one of his favorites. He also has an extensive collection of Mobile postcards and momentos and corresponds with many persons in his search for more. Even larger than his card collection is his collection of commemoratives, woods, tokens and most anything related to Mobile. Gene calls it "Mobile-ia".

Gene, who is divorced and has no children wants to preserve his collections and toward this goal has willed at least part of it to the City Archives and the Museum of the City of Mobile.

WHAT A SHOCK WHEN I RECEIVED A PHONE CALL FROM BYRONS' SISTER TO INFORM ME OF BYRONS' PASSING ON JUNE 14TH. IT IS STILL A SHOCK SOME TWO MONTHS LATER. HE HAD JUST RETURNED FROM THE C.O.I.N. CONVENTION IN CALIFORNIA WITH TOM HARRIS, AND NOT A COMPLAINT OF ANY ILLNESS. HE WAS LAID TO REST AT ACACIA MEMORIAL PARK, IN SEATTLE ON JUNE 28TH. HE IS SURVIVED BY TWO SISTERS, LYNNE ELFENDAHL, OF MERCER ISLAND; LUSTER JOHNSON, OF SEATTLE AND A BROTHER, MSG REED JOHNSON, FT BRAGG, NORTH CAROLINA; TWO NEPHEWS AND ONE NIECE. BYRON WAS 57 YEARS OLD.

BYRON ATTENDED SEATTLE UNIVERSITY AND GRADUATED FROM THE UNIVERSITY OF WASHINGTON IN 1953. HE WAS EMPLOYED AT CROWN HILL PHARMACY FOR 31 YEARS WITH TIME OUT FOR MILITARY SERVICE. WITH HIS RETIREMENT IN MARCH OF 1987 IT LEFT HIM MORE TIME TO DO HIS FAVORITE THINGS—TO DO RESEARCH AND WRITE ARTICLES. HE DID A LOT OF THIS TOO, BEFORE HIS RETIREMENT, AS HE WAS THE EDITOR OF SEATTLE COIN CLUB, THE PACIFIC NORTHWEST NUMISMATIC ASSOCIATION AT VARIOUS TIMES. HE WAS A NOTED RESEARCHER AND AUTHORITY ON COINS TOKENS AND MEDALS AND WROTE ARTICLES FOR VARIOUS PUBLICATIONS, BOTH LOCALLY AND NATIONALLY. HE WAS A PAST PRESIDENT OF THE TOKEN AND MEDAL SOCIETY; THE NORTHWEST TOKEN AND MEDAL SOCIETY; SEATTLE COIN CLUB; PACIFIC NORTHWEST NUMISMATIC ASSOCIATION. THE AMERICAN NUMISMATIC ASSOCIATION HAD SELECTED HIM AS THE GENERAL CHAIRMAN OF THE 1990 CONVENTION TO BE HELD IN SEATTLE. HE SERVED THE ANA AS CHIEF JUDGE AND AS A BOARD MEMBER AT ONE TIME. HE BELONGED TO MANY ORGANIZATIONS AT THE U OF W, AND SEVERAL GENEALOGICAL SOCIETIES. HIS NUMISMATIC ORIENTED ASSOCIATIONS WERE:

I.O.W.M.C #C76	NUMISMATIC AMBASSADOR	TOKEN AND MEDAL SOCIETY #LM27
AMERICAN TAX TOKEN SOCIETY #F49	SOCIETY OF PAPER MONEY COLLECTORS 2450	NUMISMATIC ASSN OF SOUTHERN CALIFORNIA
CIVIL WAR TOKEN SOCIETY #85	NUMISMATICS INTERNATIONAL #1183	INTL BANK NOTE SOCIETY #1699
UNIVERSITY COIN CLUB #69	N.W.T.A.M.S. #6	NUMISMATIC LITERARY GUILD LM
P.N.N.A. #LM10	DEDICATED WOODEN MONEY CLUB #C30	PRESS ON ASSIGNMENT NUMIS LIT GUILD
STATE REVENUE SOCIETY #263	WORLD COIN NEWS CONTRIBUTOR	CALIFORNIA STATE NUMISMATIC ASSN 2100
AMERICAN VECTURIST ASSN #464	AMERICAN NUMISMATIC ASSN. #LMS23	1891 CLUB ANA #119
FRANLIN MINT COLLECTORS SOCIETY	CALIFORNIA EXONUMIST SOCIETY #211	CANADIAN NUMISMATIC SOCIETY #7692
SMITHSONIAN ASSOCIATES	OLD TIMERS ASSAY COMMISSION 1977	SOCIETY FOR INTL NUMISMATICS #131
SEATTLE COIN CLUB #LM13	AMERICAN BRITISH NUMISMATIC SOCIETY	STACKS ACCOUNT IDENTIFICATION

NOW, THAT'S WHAT I CALL INVOLVEMENT. THE LIST OF HIS NON-NUMISMATIC INVOLVEMENTS WOULD PROBABLY EQUAL THE ABOVE. HIS SISTER SAID—"WE HAVE LOST A GIANT". WE SURE HAVE. BYRON WAS A TIRELESS RESEARCHER AND DEVOTED MANY HOURS TO THE VARIOUS ORGANIZATIONS IN OUR AREA AND NATIONALLY. THE NUMISMATIC COMMUNITY WILL MISS HIM AS DO ALL OF US WHO KNEW HIM. HE HAS TOUCHED THE LIVES OF MANY OF US AND ALL WE CAN SAY IS "THANK YOU, BYRON".

OBITUARY - Paul Greenberg IOWMC # 473

This was a great shock to your editor, a letter recieved from Paul dated Aug. 20th notified me his wife Clara had passed away on May 31 with a heart attact after appearing to be recoupering rather well. Paul reported that he missed her very much.

On Sept 17th recieved a call from Hal Boldes a brother in law that Paul had also passed away after a operation in the hospital reported from a heart attack after a gull bladder operation. Paul had retired from his job and moved to Florida in 1985 at which time he had sent regrets that due to his moving he did not issue a Xmas wood and requested a note of appreciation be published Thanking the ones that had sent him their issue.

Paul & Clara had hopes of seeing us at our annual meeting. Our paths had crossed at other wood events over the past years. Paul can be remembered for his efforts to identify woods that were considered madericks (having no town or stste of issue on the issue) and sending copy of them to see if other IOWMC members could ad to indentifying the issues.

Paul Greenberg along with many others will be missed in our hobby of Wood collecting.

Notes from award winners:

What a Great surprise it was to receive the Special Award from IOWMC for material for their publication. Thanks so very much and thanks also to the officers. You were very kind ---- Jerry Remick IOWMC # 1476

I am lost for words and believe me thats something. What a honor - this old Southern boy still can not believe this - I personally did not even know the clubs had contest on best stories - All I can say is Thank You. I'm sure going to show off the Award.

---- Gene Nelson IOWMC # 1711

*** PRESIDENTS MESSAGE ***

First, I want to congratulate the outgoing officers for a job well done. Its people like you, that make the IOWMC a viable part of our collecting interest. To those who are continuing in office - E. Ted Wolverton, Treasurer, John Lawrence & Virginia Dennis their extended term of Board members and Walter A. Scott, Editor of Bunyan's Chips, and Wayne Dennis - thank you for your interest in our IOWMC.

Who are the new officers on the block -- Well, you all know Sally Kirka, 1st Vice President, Dean T. Hart, 2nd Vice President, Toni Cichy, Secretary, Norm Boughton, Board of Governor and yours truly Walter H. Riley, President.

Before I get into what I want you to do as a member, I would like to relate to you about our meeting in Cincinnati, Ohio on July 23rd. We had a packed house -- no seats were available, only standing room. For a matter of fact we had three visitors - Ken Hallenbeck, 1st Vice President of the ANA, Nancy Wilson, Governor ANA, and Mrs. Robert Leuver, wife of Executive Director Robert Leuver of the ANA. These visitors had to stand. The two ladies were offered seats by our gentlemen members but they declined.

Our meeting was called to order by President Mayme Scott at 9 A.M. E. Ted Wolverton, Treasurer gave a financial report which was accepted as read. Mayme Scott brought up all the different activities that took place during her period in office, and then called on her husband Walter Scott, Editor of Bunyan's Chips. Walter (Scotty to most of you) told of the progress that he has made in putting out our monthly paper and also the problems that he had encountered. A very interesting report -

The new officers were then seated in office -- Under new business -- Wayne Dennis was appointed Chairman of our 25th Anniversary in Pittsburg, PA. (1989) - you will hear more about the 25th anniversary as the year goes on.

As to the Guide Book on Wooden Money - Wayne Dennis said, he is still interested in putting out a book. We had some discussions on this, with out any definite conclusion. As President, I have asked Norman Boughton if he would accept an appointment as Associate Editor to assist Wayne Dennis in this endeavor.

As always, Virginia Dennis had a very successful raffle. There were numerous prizes, and for those whose name were drawn, but not at the meeting, should by now have recieved what they won by mail. As I understand it was very successful, both in fun and to help our treasury, wherein, we WILL NOT HAVE TO INCREASE DUES for 1989. - Still a bargain at \$5.

Wayne Dennis held an auction of wooden money, post cards, hats and other exomunia which was very interesting and our members really bid for items in this auction as if money was going out of style.

Following the auction, we had a member who showed me his 50 year gold medal he received from the ANA for being a member those number of years - I sure wish I had the gentlemen's name on hand, but I don't. My reason for telling this - is not only doe WE ALL want to congratulate this member on such an occasion, but we wish him many, many more happy years of active membership in the ANA, and the IOWMC. Talking about active membership - this - gentleman, said to me, Riley, Why don't you ask the members to have IOWMC become a member of the 1891 club of the ANA - This I did - and I am happy to report that IOWMC has made application for membership in the ANA 1891 Club, and this gentleman of 50 years membership in the ANA supplied the application, which leads into my next comment.

Dues in IOWMC for 1989 is still only \$5.00. WILL YOU DO SOMETHING FOR ME, and to assist our new Secretary to make her job easier - HOW ABOUT PAYING YOUR 1989 DUES OF \$5.00 NOW. Send a check, made out to IOWMC for \$5.00 - mail to: Toni Cichy, 74 Thelma Irene - Drive, North Kingstown, RI. 02852.

Sorry for the above approach as to dues - but it is necessary so we can have a record of who has paid dues - current mailing addresses, and for a number of other reasons.

Our meeting by the way, adjourned at 11:30 AM. Also at our meeting, and a very important part of our attendance was a Ms. Lisa Hammond, associate Editor of Coin World - her concern for IOWMC, and its members was very much appreciated. WE THANK YOU -

In closing for now - if there is any suggestions you would like to make in the interest of IOWMC, let me hear from you --- if you would like to be a part of our ball team, let me know, we have plenty of work to do, and again please send your dues to Toni Cichy.

Also how about getting a new member for IOWMC - very simple - have a check made out for \$5.00 and send it with the new members name, address to our Secretary, Toni Cichy.

Hope when you read this column, it will be much cooler than it is today of 98 degrees. Fall should be in the air and the leaves changing to their many colors.

With all good wishes, I am,

Sincerely

Walter H. Riley

Woodn't It Be Lovely?

Cabinetmakers and carpenters are constantly mindful of the care for and preservation of the wood they work with. They know how to repair breaks and splits and even how to smooth out dents. They know how to remove or minimize some stains and discolorations. But they would rather not have to do it.

Coin collectors like to think of themselves as the keepers of the heritage. Or they ought to. That is, it is the implied duty of collectors to preserve and maintain the surviving coinage in at least as good condition as it was when it came into their hands.

The same is or ought to be one of the basic rules of wood collecting.

I have received some damaged and abused woods in the mail, and I fear, I have caused damage to some which I myself have mailed. I do not intend to do that any more.

Therefore I would like to suggest some guidelines for shipping which I have begun to follow.

1) Use hard paper backing in envelopes and mailers for both flats and rounds. I think staples hold the woods in place better than tape does. I have cut into woods with a knife while trying to open taped cardboard, pasteboard, and envelopes. I have heard woods split sickeningly during the unpacking process. When staples are present, I use a common office staple remover, the hinged one with four teeth.

2) Do not use tape across the actual wood. I have removed some kind of tape which does not seem to leave a residue, but I can feel traces of gum. Even so, I do not know what kind of tape this is, nor who makes it. But if I did, I would not use it. Other cellophane tapes and masking tape leave a distinct sticky residue. No doubt there are ways of getting the sticky goo off, but I am more interested in not putting it on than in finding ways of getting it off. You may know which kind of cellophane tape it is which seems not to leave stickum when it is removed, but many others do not know. When new collectors receive woods with tape on them, and the tape does not seem to leave traces, they might naturally assume that any similar tape will do the same. But most clear tape will not, and no masking tape will. I recommend never using tape, not even to hold cardboard together.

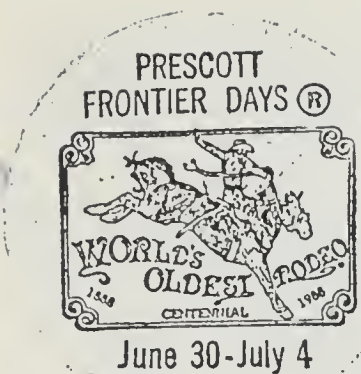

3) Rubber cement leaves a soft residue which can be rubbed off. This sounds good, but when you rub something as fragile as a wood, you risk damage and smearing, or even breaking. As I said earlier, it is the example one sets which is important. I have the horrible dread of someone disfiguring a valuable or otherwise desirable wood on the assumption that all woods are as easy to come by as the advertising pieces they pick up here and there for nothing.

4) Any practice which may damage, disfigure, stain, discolor, or otherwise endanger any wood, no matter how plentiful, is a bad practice. It sets an example which makes it seem OK to others.

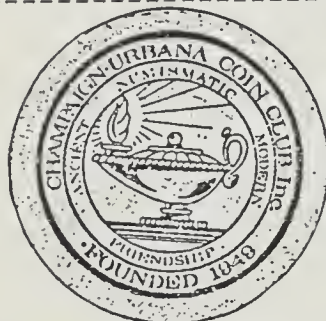

5) Although this is not directly related to the physical preservation of woods, it does have to do with the preservation of identity. When you send woods, it is desirable to tell what you can about the pieces. I have received complimentary woods which cannot be ID'd as to location, date, or purpose. If you know something which is not on the wood, it is a good idea to pass along this information. Someone may be taking notes.

All mavericks represent lost information. Besides which, while a wood may be common or obvious to you, there may be hundreds of folks who have never seen one, and do not know what it is.

HSNA TO CELEBRATE 25th ANNIVERSARY

We are anxiously planning a fabulous 25th year Hawaii State Numismatic Association Convention Coin Show for November, 1988 (10th through 13th). There will be many exciting things planned which are in the working stage.

HCC JUNIOR'S FIRST WOODEN TOKEN

The newly organized Junior Program under the direction of Mr. Dan Garret, the Club Advisor of the Honolulu Coin Club, designed a wooden token. It was a contest among the juniors, to select the best obverse and reverse.

The winners Dannie Garret Jr. for his obverse of Captain James Cook, known for his discovery of the Hawaiian Islands, and Susanna Hunt for her floral motif designed on the reverse. The token will be sold at the Honolulu Coin Club and HSNA Show as a fund raiser.

FATHER DAMIEN HCC SECOND FAMOUS PEOPLE WOODS

The second series of the "Famous People of Hawaii" wooden token features Father Joseph Damien DeVeuster. On the obverse of the token is the portrait of Father Damien with his church at the Kalawao Settlement on the island of Molokai.

According to an article written by Gary Lau in the "Nu Hou Dala Paa" dated December 8, 1982, No. 6, Father Damien was born on January 3, 1840, in Tremeloo, Belgium. He came to Honolulu, Hawaii on March 1864 and was ordained on May 21, 1864.

Father Damien was famous for his holy work with the lepers of Molokai which he continued for 16 years until his death in 1889.

The reverse of the token is the logo of the Damien Memorial High School which opened in Honolulu, Hawaii in 1962. The color of the token is purple. To order, just send in 25¢ per token, plus a self-addressed, stamped envelope to:

PORTRAIT CHAIRPERSONS REPORT

President Walter Riley asked me to take over as the new Portrait Chairperson of articals on our members to write a little about themself. This helps us all to know our members better in our club. I thought of this a lot as Barbar Trace and Ernestine Winget did such a good job that I'm hoping I can do the same.

Believe me this helps us all to know a little something about each other. As really we like one big family with the same hobbies. I know I enjoy reading about the members in each issue. Its like when I read of Elizabeth Stevens article and I wondered why I had not met her yet, as I'm at many shows around the New England states. So I'd like to run into someone else who collects wood to. As really its fun to run into our members of IOWMC.

So we need your help. If I write to you sit down and write a little about yourself. If you have a picture of yourself, send that in to. People like to get an idea of what you colle-t and look like. I will edit it if needed as we are limited to space.

Dont wait to be asked send in that article now. The sooner the better as we have a dead line to meet. I'd also like to hear from the many members who we haven't heard from in the last 10 - 20 years. As I bet a lot has happened in the last few years. It will be appreciated by me and all the members of IOWMC.

Any questions, please write to me as I will answer all letters. My address is ---- Mrs. Sally Kirka, 116 Oak St., Manchester, Conn. 06040. Remember I'll be writing to many and it could be you.

The Society of Philatelist and Numismatist honored Marion G. Beardsley IOWMC # LM 20 as their 1988 woman of the year. Marion had joined S.P.A.N. soon after it was founded. She has attended every A.N.A. convention in the past 16 years and a very filmilor lady at our iowmc meetings. Congratulations Marion from us all.

It was reported Oct. 1st that Sargent Noel (ret.) was admitted to he hospital with pneumonia and under going other test. We all wish you well Sgt.

A GREAT BIG THANK YOU to the many MEMBERS that send me the material to be able to put out our publication of Chips. Have been one to put the publication together with-out much of my personal knowledge of our hobby rather that of our members. True a fact sheet of how to collect and to use the club for best advantage as has been suggest d in the past is a need for new members. It takes more then a Editor to put together material for such. It may be of interest, as of now it cost the club 7½ cents to print one (both sides page and part of the reason that about all sent is retyped in pica type and only leaving a ½ inch margin plus most all flats are reduced. You may wonder about some of do-dads used in set up, these are mostly cut out of news papers or flyers and run on a copier sometimes reduced it is surprizing the clearness. Such can be done to make up a set up for a wood issue as well---Try it. If anyone has ever sent material that hasn't been published Please let me know, efforts are made to keep material to Wood only, but at times some is used for filling up a open space. Clubs all have a problem getting a Editor as its always been a volunteer at no profit. After nearly seven years this Editor is about burnt out so if anyone can help Please let the President know. ***** Scotty *****

ISSUE No. 11

HUGH COOPER
Chicago, Illinois 60626

IOWMC No. 1783

I grew to my present height in Dayton, Ohio, and went to Fairview High School, from which I graduated with my class in 1950.

In 1939 when I was seven years old a dealer friend of my father gave me an AU 1834 Bust Half Dollar, which I still possess. I have collected many types of coins on and off ever since. Now almost 50 years later, I have graduated to tokens and medals made of lumber, and have joined IOWMC. I also belong to DWMC.

I am well aware that many folks who collect U.S. Federal coinage look down from their high perches upon those of us who spend our time and treasure in laying up stores of woods, rolled out coins, encased coins and similar truck.

On the other hand, I am aware that U.S. Federal coins are very expensive, and while that is no hindrance to those who don't worry about money, it leaves many of us out on a limb. In my present coin collecting I cannot very often buy (or even find) the coins I want. But, I can at almost any time buy woods, even scarce or rare and desirable ones, when I find them.

I collect primarily woods which are related to the coin hobby. Even so, I do buy any other wood which interests me, such as fairs, expositions, commencements, and others.

We are lucky to be collecting woods now, before 70 point grading becomes a passion and before rolls and bags of woods are being hyped. Woods, even better ones, are still so inexpensive that we can still trade them one for one, or even give them away easily.

And that is the finest thing about IOWMC, and DWMC, that we find so many pleasant folks to give our personal tokens to.

PRESIDENT MESSAGE

Dear Member:

All appointments to positions to carry out the operation of IOWMC for the 1988-89 election year has been completed. You will see elsewhere in this issue those that have accepted appointments to various occupations or positions to make our organization as good as or better than in the past. Your cooperation, if called upon by anyone of these appointee's to assist them in carrying our projects ect., to make our IOWMC more viable will be appreciated.

You the member may have a constructive comment or idea that we could put to use, to make IOWMC better, more interesting or more worth-while for our members, if so, please let me hear from you. Remember, no one officer, editor or anyone individual holds ownership to IOWMC. Its YOU the MEMBER that can bring about a better organization for all of us. If you wish, any comment that is of a constructive nature will be treated confidentially if you wish. Let me hear from you, you may have a great idea that no one has thought of before, or no one has used your idea that you offered, and it now may just be that time to use such an idea. Let me hear from you on all constructive thoughts you have had to make IOWMC a better organization for our members.

I am not sure when this Presidents Message will be in Bunyan's Chips but I assume the November issue. Therefore, Thanksgiving will be upon us. We have members who have wood made for Thanksgiving Day -- some in the past has been really interesting. If you don't have a Thanksgiving Day Wood issue - how about CHRISTMAS WOOD?

As to CHRISTMAS WOOD --- Are you going to have CHRISTMAS WOOD? Why Not! its great to have one to greet your friends with season greetings and let them know that your a collector of wood. Sometimes, you bring about a New Member, who in turn starts to issue Christmas Wood in years following or gets their City, Town ect. to issue.

It was published in Chips ones that print up Christmas or any type you may want made up for collectors. Why not give them a call or write to see if they will take an order from you for a wood issue. If its too late to get an order for Christmas Wood from the Professional Wood Maker, then see if you can buy or make blanks, sometimes a wood working or hobby shop will cut or supply wood at a very low cost to you. If you can make blanks or get them, then have a rubber stamp made of your design for your Wood. In several shopping centers one can buy rubber stamps depicting Christmas scenes, wording for the holiday season ect., Frank Kozma one of our members can supply various rubber stamps at a reasonable cost. then buy an ink pad - now you will have a Christmas Wood to give, swap or sell to your friends and collectors. In any event, whether it is a wood made by a professional, and individual production - its fun. Make yourselves a part of our hobby. Many are exchanged far after the holiday when collectors see that a issue has been made in Bunyan's Chips. Issue a CHRISTMAS WOOD.

For now, enjoy your hobby, and may you and your family have a most pleasant Thanksgiving Day.

Sincerely
Walter H. Riley

I am sorry to have to inform IOWMC members that my Dad passed away September 22, 1988 of cancer diagnosed November 1987 at age of 75. - - - Gary Littrell

Many of us wood collectors will remember Glen for his various wood issues, many hand painted and varnished. Most all of his issues covered the "Whooping Crane" a endangered bird that he loved to the point of giving his son a middle name of Crane. Other issues covered the U.S. and Canada along with World Coin Week and also believed to have helped in the Canadian Large Cent Club issues.

Glen with his wife Amber attended several ANA - IOWMC meetings and was enjoyable to meet at such. The last was our gathering at Baltimore, Md. in 1986 after which her health problems prevented them from attending at WI. or OH.

Glen a former Navy Lieutenant served in the Navy from 1943 to 1950, was a track coach in 1938, football in 1939 and basket ball in 1940 at Winnebago, NE. High School for Indian children. Earned a bachelor of social science at Morningside College, Sioux City, IA. served as principal at Baker, Cullen and South Park Jr. High Schools in the 1950's and 60's and 1st principal of King High School in Texas from 1965 to 1970 retired in 1977.

Survived by his wife Amber, son Gary, two daughters, five grandchildren, one great grandchild, five brothers and two sisters. --- Glen and his wood issues will be missed.

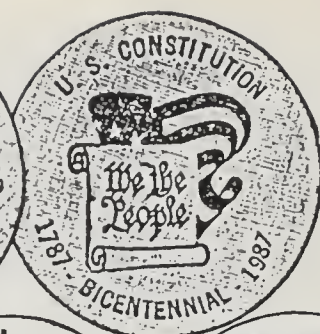

Delmer Cushing a IOWMC member is to serve as Assistant General Chairman of the 1990 ANA Convention to be held in Seattle, WA.

Members involved in the 1989 Pacific N.W. Numismatic Assoc. event are Marge Farman, Irene Alexander and Nina Nystrom. Many woodies take active parts in the Numismatic field.

Saturday, Dec. 3, 1988 will be Shilling Day at the Pine Tree Lodge, New Lyme, OH. Pine Tree Lodge is a unique cut-your-own Christmas Tree Farm using horse drawn transportation to and from the fields. On this day the Manners family will begin its annual task of releasing the 23rd annual adition of the pine tree shilling.

Yearly request come from all parts of the U.S. and Canada for this Wooden coin. The 1988 depict one of the highlights of Manners su-mer trip, the little mermaid which guards the harbor in Copenhagen. During Aug., Manners family personally visited tree farms in Denmark, Finland and Great Britain. Christmas tree production techniques are quite different in Scandinavia. Many collectors visit the farm on this festive day to receive their wooden coin from the Manners personally.

There is no charge for the wood, just a SASE. Write to: Manners Pine Tree Lodge, New Lyme, Ohio 44066. This year request envelopes will be hand cancelled at the New Lyme Post Office. Charles H. Manners

The Coin Club of Grtr. New Bedford celebrates its 50th Annivetsary. The Clubs first wood was issued April 28th 1968, the subject was "Whale Moby Dick" at the time the club had two coin shows a year.

The design was selected by the members, and printed by a company. Club members decided our woods could be better. The Nov. 28th 1982 wood subject "New Bedford Lightship" was the first wood issued that was our own printing.

Don Plant is the designer and also writer of the wood design information. Roland Gauthier, President is the printer.

For 1980 to 1983 the club had four coin shows a year, from 1984 to present have five shows a year.

The July 31st 1988 wood issue was the fifty second wood to be issued by our club.

The Gtr. New Bedford Coin Club was awarded a plaque for the best club issue in the DWMC wood design contest at their meeting.

DEDICATION OF THE GOSNOLD MONUMENT

Daniel Ricketson in his *History of New Bedford* (1858) first proposed that a monument be erected on that "truly consecrated spot," the small islet in the West End Pond at Cuttyhunk, where Bartholomew Gosnold is thought to have erected "the first human habitation" by Englishmen in what is now the United States. If Ricketson overlooked such earlier habitations as those of Raleigh's Lost Colony of Roanoke (1585-1587), he described with exactness the monument that would ultimately be built: "A small round and castellated form of tower, built of stone in a rude but substantial manner."

In 1902, on the tercentenary of Gosnold's visit, such a tower was begun, due largely to the efforts of Ricketson's son, Walton. The younger Ricketson, a sculptor, carved the cornerstone; and other stones, believed to be from the foundation of the old fort, were incorporated in the structure. Completed the following summer, the tower was dedicated with appropriate ceremonies on September 1, 1903, by a party of "eminent historians, scholars, lecturers and divines, men representing millions won in the business world; [and] the stalwart natives of the island." In the course of the celebrations, title to the islet and custody of the tower were turned over to the newly organized Old Dartmouth Historical Society, becoming its first real property. The final oration of the day—there were not less than twenty speeches—by a cleric from Assonet saluted the monument with a startling prophecy: "it will stand like the Statue of Liberty, beckoning with a ready finger to Castle Garden and Tammany Hall; and invite immigrants to the Cosmopolitan city of Boston."

Crisis Of Confidence

There's a crisis in the hobby. One that results not only in a loss of money by innocent collectors, but also in a loss of confidence in mail order transactions.

While others pass this off as a risk of free enterprise, it is our goal to serve and protect the interests of our valued subscribers. By insisting that all NUMISMATIC NEWS advertisers pass a strict screening policy.

We further affirm advertiser integrity through an intensive "blind testing" program, and recognize sound business practices with the Krause Publications' Customer Service Award.

There may be a crisis in today's coin hobby, but at NUMISMATIC NEWS we're hard at work to maintain full confidence in mail order dealing — today, and in the future.

PRESIDENT MESSAGE

Dear Members:

As I write the President Message for the December Bunyan's Chips newsletter it is 48 degrees, and when you read this, the weather will be in the teens or below, and maybe snow will be in the air or on the ground. What a change one month makes in our weather. For those of you who live in the warmer part of our U.S., enjoy the sun, and the warmer climate - think of us who are freezing.

Well have you ordered your Christmas Wood? If not, it no doubt too late. But, as I said in my November President Message - you can make an issue - go to the wood working shop in your area - ask them to make you some rounds. I have known those who had taken a broom handle and had it cut into rounds. Buy a rubber stamp with a Christmas theme - write the date on it - your name - or initials, and this way, you'll have your own personal wood to give to your friends, and hobby collectors.

During our exchange of Christmas and New Years woods, we will see some of the cleaver designs our members had used. Our professional issuer of wood has declined to only a handful. It makes it very difficult to order wood at a date in November, so if you were locked out in 1988, make it a point - to order your wood for 1989 early. July/August are good dates to put your order in for the professional wood makers to do your 1989 Christmas wood. In our Bunyan's Chips you will see the professional wood makers, name and address from whom you can order woods. Also they make wood for other occasions - birthday, wedding anniversary's, even dates of marriage ect. or you name the occasion, and suggest a design, they will meet your desire. It's fun to exchange wood. Hope that you will have one to exchange in the near future.

As we go into the New Year of 1989 we will be looking forward to our gathering in Pittsburgh, PA. As you all know, we will be celebrating the 25th anniversary of IOWMC. Wayne Dennis, is the General Chairman for our 25th Anniversary Celebration, and we will be hearing from Wayne Dennis in the early part of 1989 on how we can help him in preparing for this occasion. I hope you will assist Wayne, and the IOWMC in any way that will make our 25th anniversary one that will be long remembered. You may say How Can I Help? You may have a business, or know of a business that would donate products or any items for give-aways to our members attending our celebration. You may want to make a donation of some gift to be raffled off for attendance prizes ect. Let's hear from you WE NEED YOUR HELP.

Don't forget to pay your 1989 dues. If you hadn't - Please do it now--- Dues are \$5.00 - Make a check out to IOWMC - Mail it to: Mrs Toni Cichy, 74 Thelma Irene Drive, North Kingstown, RI. 02852. In paying your dues early, you will be helping the IOWMC out, but you will also be assisting our Secretary, who by the way is doing an outstanding job for us.

We Wish to Each of You a most Happy Holiday Season, and that 1989 will treat you in good Health and Happiness.

Sincerely: Walter H. Riley

In 1986 and 1987, the historic town of Gettysburg celebrated its 200th anniversary.

Gettysburg's history encompasses much more than the three-day battle in 1863. Although the Civil War battle gave Gettysburg a special place in history books, there is much more history to the community. The Bicentennial celebration focused on different aspects of Gettysburg's history and heritage of its people.

During the early 1760's, Samuel Gettys acquired more than 381 acres of land from the descendants of William Penn. At the intersection of the Marsh Creek and Shippensburg - Baltimore Roads, he opened and operated a well-frequented tavern. At that tavern, local men were mustered to join General George Washington's forces fighting the British during the Revolutionary War.

But it was not Samuel Gettys who is responsible for the town's founding. Gettys, because of financial misfortunes, fell on hard times in the early 1780s. On April 19, 1785 his land was put up for sale by the York County Sheriff. At that sale, Gettys son James, bought 116 acres of his father's land, which included the family home and the tavern.

It was young James Gettys who had the town's 210 lots drawn up to be sold to interested buyers. It was also Gettys who would later be responsible for getting the state legislature to name Gettysburg as the county seat of Adams County, which was officially formed in 1800, after splitting from York County.

In 1826, the Lutheran Theological Seminary, one of the oldest in the country, was opened in Gettysburg. Six years later, Gettysburg College was founded.

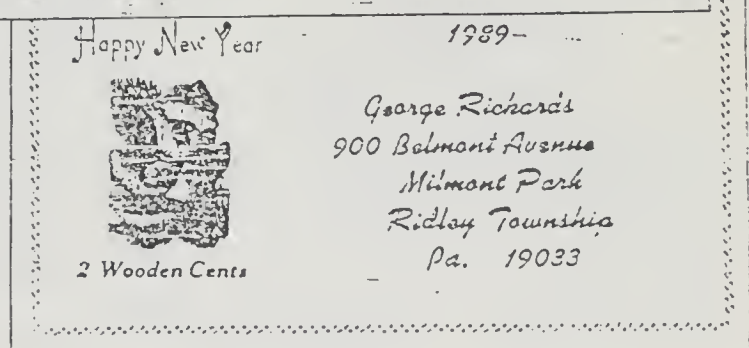

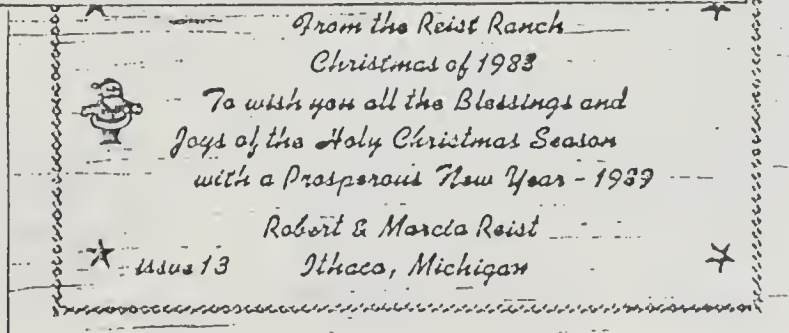

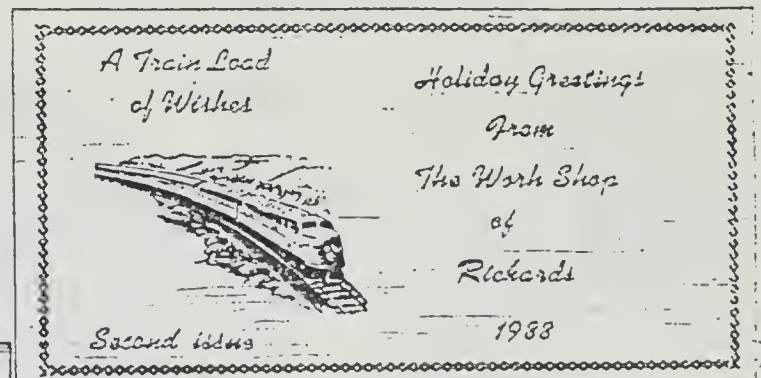

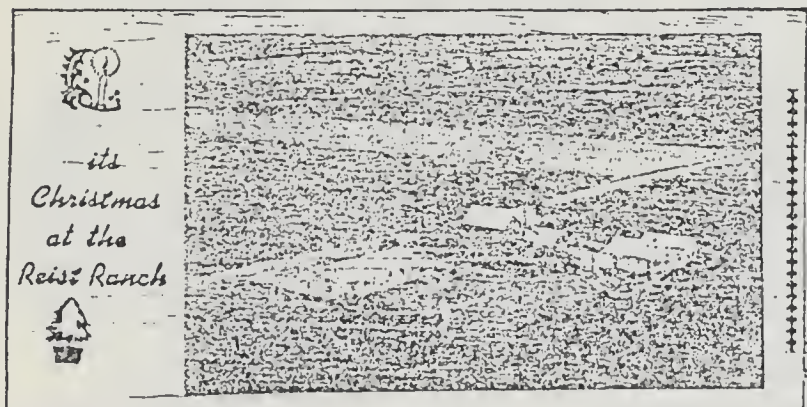

Gettysburg was thrust into the limelight of history when the most crucial battle of the Civil War was fought here in July 1863- and again when President Abraham Lincoln came here the following November to dedicate part of the battlefield as a national cemetery.

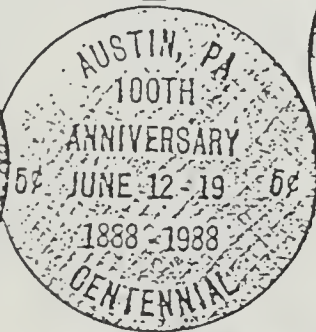

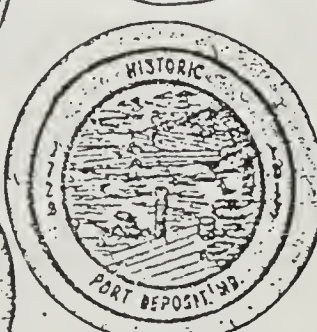

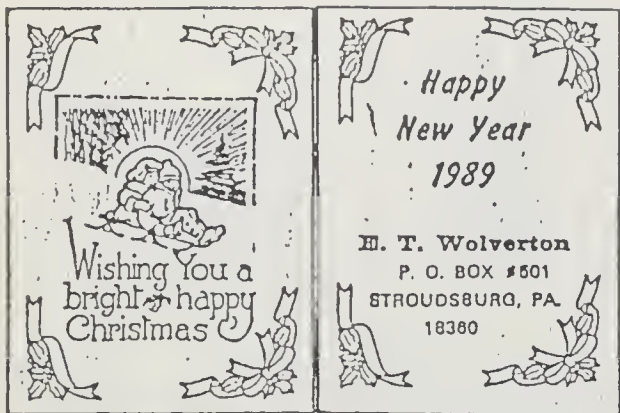

Gettysburg's growth as a nationally, even internationally, known tourist area was related to the historic events that brought Dwight David Eisenhower here, first during World War one, and then later to his Gettysburg farm home.

The BiCentennial Celebration focused on various topics related to the social and cultural life of the people of the town throughout its 200 year history. The BiCent. was celebrated through music, historical lectures, exhibits, living displays, parades and an old -fashioned community picnic.

Copies of a temporary postal cancellation, stamped on a special BiCentennial envelope or cachet on January 10, 1986, was on sale at the Gettysburg Post Office.

In 1986 the pictured (red) wooden nickle was also sold. Mark R. Wildasin # C - 6

Hawaiian Green Turtle Third Wooden Series

Honu, the Hawaiian green turtle, is the Hawaii State Numismatic Association's third token in the Hawaiian Endangered Wildlife series. A marine turtle, native of the Hawaiian Islands, the green turtle is primarily a vegetarian that feeds on plants along the shoreline reefs. The female green turtles lay their eggs between May and August on the islands of the French Frigate Shoals in the Hawaiian chain.

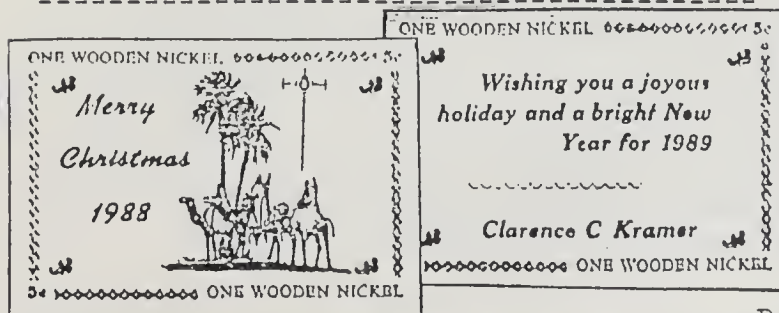

The reverse is illustrated with a Maile shrub or vine, a native Hawaiian plant. It grows in our cool, tropical forests and has shiny, smooth leaves, blossoms of small yellowish flowers. A lei plant, the Maile was worn by chiefs and commoners alike, and leis were made by twining several stems together, without closing into a wreath and left open. Today, the Maile lei is always given to someone who is very special.

To order the woods, send 25¢ per token, plus a self-addressed stamped envelope, to the Honolulu Coin Club, P.O. Box 6063, Honolulu, HI 96818.

Railways and Numismatics

BY KAZUMA OYAMA

If you visit the Lyman Museum in Hilo and tour the adjacent missionary home you will see an old toy train in one of the rooms. Playing with and collecting trains is one of the older pastimes. Almost every country in the world has issued postage stamps depicting trains, including countries that don't have railroads of their own. Decorative collective plates have been issued showing trains as have matchbook covers. There are innumerable picture postcards with scenes of trains or views as seen from a train. Songs have been written about railroads — "I've Been Working on the Railroad," "Casey Jones" and "The Wabash Cannonball" — to name a few. There was an LP record called "Hawaiian Railroads" featuring ten songs related to Hawaii's Railroad. Movies were made about railroads. A classic was "Murder on the Orient Express." Also, there was "Ryan's Express," starring Frank Sinatra; and "Bridge over the River Kwai," both World War Two epics. Less known was "The Great Train Chase" which was based on a true incident of the Civil War.

In the numismatic field there were many medals, wooden tokens, elongateds and paper money depicting trains. The U.S. government featured locomotives on the \$50 National Bank note, series 1902; and the \$20 Federal Reserve Bank note, series 1915. Here in Hawaii trains were part of the vignettes on the certificate of deposit notes of both the Kingdom of Hawaii and the Republic of Hawaii as illustrated in the *Hawaiian Money Standard Catalog* published in 1978 by Don Medcalf and Ronald Russell. Trains were featured twice in the Hawaii State Numismatic Association series of medals. The first time was in 1971, on the reverse of the medal honoring King Kalakaua. It showed a sugar plantation train. The second time was in 1979, with a medal honoring Queen Kapiolani and commemorating the centennial of railways in Hawaii. The HSNA wooden token for 1979 also commemorated the centennial of Hawaii's railways.

The first railroad in Hawaii was the Kahului and Wailuku Railroad built on the island of Maui. It was built by merchant Thomas H. Hobron and his two sons-in-law, William O. Smith and William H. Bailey. It was later incorporated and named the Kahului Railroad Co. in 1881. Other Hawaiian wooden tokens related to railways were the Lahaina-Kaanapali and Pacific Railroad (Maui) souvenir item and the Hawaiian Railway Society issue of 1979, for the centennial of railways in Hawaii.

Other numismatic related railway items were trade and fare tokens issued by the railway companies. Among the trade tokens were those issued by Thomas H. Hobron (THH) to employees of the Kahului and Wailuku Railroad that were redeemable for goods at the T.H. Hobron store in Kahului; and the early (1891) Kahului Railroad tokens. Among the fare tokens were the Kahului Railroad issues that were used during 1935-1950, and the Honolulu Rapid Transit (HRT) tokens used during 1922-1948. (Note: the "hula girl" tokens were never used.)
